To all FEMA members

March 12, 2021

FEMA INFO LETTER 02/2021

Dear FEMA members

UPDATE European Championship 2021

The FEMA Board would like to inform you, that we have received the generous offer from the Polish Speed Model-Car Association (PSMA) to host the European Championship for Speedmodelcars from September 10th to 12th 2021 at the PSMA facility in Pila, Poland.

The FEMA Board is glad to confirm, that we have decided to accept the offer from the Polish Speed Model-Car Association (PSMA).

With the highly sophisticated facilities, the professionalism demonstrated in past events, and most of all the great hospitality of the Polish Speed Model-Car Association (PSMA), it was an undisputed and unanimously decision by the FEMA Board.

Furthermore, the central location of Pila and the possibility for all to reach the venue by car, as well as the offer from the PSMA to broadcast the event online for family, friends and racers who do not want to travel, contributed to the FEMA Boards decision.

The FEMA Board, together with the PSMA will monitor the situation concerning the pandemic and will continuously asses, whether the European Championship can be conducted.

At this point I would like to thank the Polish Speed Model-Car Association (PSMA) very much for its readiness to host the European Championship 2021, a much needed event to look forward to, and its support to our hobby in this difficult and demanding time. We are all looking forward to a great time with friends in Pila, Poland.

Sincerely

Your FEMA Board
Fédération Européenne du Modélisme Automobile
