To All FEMA Members

General information about 70th Europe Championships and Program Schedule

Dear FEMA Members

In the beginning, we would like to inform you that we are observing the situation related to COVID-19 on current basis, therefore we waited with this information until the last moment. Below we send you general rules of the Competitions and the program.

Sanitary restrictions

Due to the possibility of the so called "the 4th COVID wave" that may appear in the autumn, all sanitary requirements that will apply during the Championship will be in accordance with those specified by the **Polish Ministry of Health**.

As of today, the following rules should apply during the European Championships:

1. Each participant **must be vaccinated or have an up-to-date PCR test** (test date before the competition).
2. Only **competitors with a valid FEMA license** and accompanying **persons residing in the same home** may participate in the competition.
3. Due to insurance requirements, **only registered persons** will be allowed to stay in the competition area.
4. The competition will be held **without an audience**.
5. Social distance 1.5 m. should be maintained
6. Covering the face with masks during the competition will be voluntary.

PSMA will provide masks, gloves and disinfectants to all participants of the competition.

Registration for the competition

Submission of the list of competitors by each National Team (FEMA regulations) – to be completed by 15/08/2021.

Due to the sanitary requirements and the adaptation of the track infrastructure to the number of people, we ask each competitor to register via the form available at www.pσμα.org.pl/en/registrtion,153.

In case of the resignation of the registered competitor, please contact us at: info@psma.org.pl

FEMA Meeting, banquet and afterparty

Date and time of the FEMA meeting will be set shortly before the competition after FEMA Board decision.

The organization of the banquet and afterparty will depend on the sanitary restrictions in September.

Class 3B

3B class will be starting as the last one. It is related to the necessity of washing the track, which would not dry up too quickly during the autumn competitions. Additionally, in the 3B class other failures may occur, like twisted cables, which cause delays in starts of subsequent classes.

Program Schedule

08-09-2021	I day - Wednesday 09.00 - 18.00 - Registration 09.00 - 18.00 - Training
09-09-2021	II day - Thursday 09.00 - 18.00 - Registration 09.00 - 15.00 - Training 18.00 - Opening ceremony
